HydroClean Kit Lushea®

~~$117.90~~ $39.90

**Order Now To Get FREE Shipping And Same-Day Processing**

HydroClean has recently gained popularity on social media, with influencers and celebrities paying hundreds of dollars to get this procedure performed professionally in skin clinics all over the world.

You can now benefit from this professional treatment in the comfort of your own home, thanks to the all-new HydroClean®! GET YOUR SKIN Lighter AND YOUTHFUL RIGHT NOW!

**How It Works**

**Remove.**
The skin is exfoliated with a gentle water jet, while the vacuum extracts sticky debris and impurities.

**Restore.**
Suction improves blood flow and stimulates the skin's natural healing mechanism, which boosts collagen production and leaves your skin looking radiant, firm, and youthful!

**Enhance.**
Skin care products can penetrate 10 times deeper after the top layer of dead, exhausted skin is removed, maximising their effectiveness.

**PREVENT BREAKOUTS EVEN BEFORE THEY BEGIN**

HydroClean deep cleans the skin while exfoliating and removing dead skin cells by gently spraying a stream of water on it. After that, the dirt and residues are sucked into the device. Your skin will be deeply hydrated, healthier, and cleaner than ever before!

**Renee Cotter** Has anyone ACTUALLY used this brand? I'm so curious to know if it works as well as advertised

**Kelsey Mead** Renee Cotter just received mine yesterday and used it last night on myself and my partner and what it pulled out of our face was disgusting. It works and it's great. My skin has never been so smooth

**Kelsey Mead** I just used mine for the first time today, I am actually surprised how well it worked. Nearing 40 so didn't expect the results I got. Can't wait to see what a few months of use looks like! 🙌 FYI, It was also very easy to use and setup.

**Sammy Green** I've had mine for 3 weeks now, using it once or twice a week and it's the best money you will spend, i've had numerous comments on the difference in my skin and have also used it on my 15 year old daughter too, her skin has cleared to now almost nothing, first week I didn't notice much, but after omg scary what's coming out of of my face, highly recommend it, skin is smooth and clear with minimal break outs, one key tip I found, steam your face first for better results, everyone needs of the HydraClean in their life 😻
